**University admission: Language proficiency and standard period of study**

Dear Sir or Madame,

This is to confirm that the language skills have been checked during the application process. In principle, Paderborn University will not grant admission to a degree programme without the necessary language skills. In exceptional cases, this will be explicitly stated in the letter of admission. The standard periods of study are as follows: Bachelor's degree (180 credit points): 6 semesters; Master's degree (120 credit points): 4 semesters

To check this information, please visit the International Office website at the following link:

<https://www.uni-paderborn.de/en/studies/international-students/application-for-admission-terms/notice-of-admission>

Kind regards

  
Matthias Thordsen
